Annual seminar of the French Society of Veterinary Pathology

Oral Pathology of Companion Animals

11th- 13th May 2023

In Person at ENVA, Maisons-Alfort

Guest speakers

Dr. Brian G Murphy (UC Davis, USA)
Dr. Philippe Hennet (CHV ADVETIA, France)

Objectives

We are very pleased to have Dr. Brian G Murphy (University of UC Davis, USA) and Dr. Philippe Hennet (CHV ADVETIA, France) as invited experts this year for our annual seminar. The seminar will be dedicated to the oral pathology of companion animals (dogs, cats, etc...).

This two and a half-days' workshop will allow participants to discuss a variety of cases of oral pathology with the speakers and share their experience. Participants will enjoy case discussion through digital microscopy, as well as lectures.

All attendees are kindly requested to provide oral pathology cases from their own daily practice in canine, feline (or equine) histopathology. The submitted cases should include complete clinical history, gross pictures if available and stained histological slides. Digitalized sections will be used during the seminar.

The deadline for case submission is **15th March 2023**. Additional information is under "*Case submission information*" section below.

The deadline for registration is **30th April 2023**.
